

# 10th Anniversary Gala Tower of London Sat 15 June 2019

## Tower of London Fundraising Gala

The Homeopathy Research Institute (HRI) is delighted to invite you to join us for a 'night to remember' at the historic Tower of London. In celebration of HRI's 10th Anniversary, we are hosting this special gala to raise the funds needed for us to continue our work in advancing the field of homeopathy research.

The Tower Gala is a public event, open to everyone wishing to show their support for HRI.

For this once-in-a-lifetime event, you will be met on arrival by a Yeoman Warder who will give you a 15-minute walking tour of the Tower. Enjoy the impressive arms and royal armour on display in the Royal Armouries, Britain's oldest national museum, before being led to the drinks reception awaiting you in the famous White Tower.

The drinks reception will be followed by a three-course seated dinner in the New Armouries, which boasts spectacular views, including the White Tower, Tower Bridge and the Shard.

Note: Guests will be unable to leave the Tower between 21:45 and 22:05 due to the Ceremony of the Keys, a ritual which has taken place every night for over 700 years.

As the Tower is a working barracks, the event will end at 22.05 when the Yeoman Warders escort guests out of the Tower. You are then invited to join us at the Tower Hotel next door for a nightcap, or more, at our 10th Birthday 'after party'. Please note, this is **included in your gala ticket** (see right).

Dress code: Black tie

## Tower Gala Tickets

The Tower Fundraising Gala is strictly limited to a total of 240 guests and the general admission price is £160.

The Gala has been timed to coincide with the 4th HRI International Homeopathy Research Conference (14-16 June). Over 80 researchers from 26 countries will be presenting their work at 'HRI London 2019' and we look forward to welcoming c.300 attendees from around the world.

Although this is a fundraising event, 190 gala tickets are available to conference attendees at the subsidised rate of £95, on a first-come-first-served basis.

Tower Gala standard ticket	£160
Tower Gala conference attendee ticket	£95

Visit [www.HRILondon2019.org/tower-gala](http://www.HRILondon2019.org/tower-gala) to book your place.

## HRI 10th Birthday Party - 21:30 until late

As the Tower of London shuts to the public at 22.15, the party will continue in the Gallery room at the Conference Hotel. This is your chance to let your hair down and celebrate our birthday, with a live band and dancing until late.

# HRI Fundraising Auction Exclusive Crown Jewels Tour for 40 guests

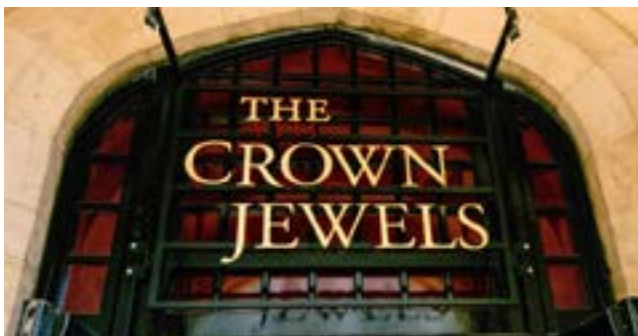

## HRI Fundraising Auction

The Crown Jewels, part of the Royal Collection, are the most powerful symbols of the British monarchy. The collection boasts an amazing 23,578 gemstones and has been under armed guard at the Tower since 1661.

They are possibly the most visited objects in Britain, but few people ever have the opportunity to view the Jewels away from the crowds.

HRI are holding a very special [auction](#) which gives you the chance to do just that, whilst raising vital funds for homeopathy research.

This is your chance to enjoy an early evening private tour of the Jewel House with Tower staff on hand to answer any questions you may have about this priceless collection.

This prize is on offer to the 40 highest bidders, who will be able to enjoy this unforgettable taste of British history before joining the rest of the Gala guests for the pre-dinner drinks reception in the White Tower.

The top bidder (along with their 'plus one' if they are accompanied to the Gala) will be our special guests for the evening, receiving an exclusive first tour of the Jewel House with our major donors and supporters, seat at the top table for our gala dinner and a meet and greet with our VIP guests.

Please note that this auction is **open to Tower of London Gala Dinner ticket holders only**. There is no limit on how many times you can bid, but the deadline for entering is midnight on 30 May 2019.

Visit [www.HRILondon2019.org/fundraising-auction](http://www.HRILondon2019.org/fundraising-auction) to enter.

## How will your contribution help?

Although homeopathy has been used worldwide for over 200 years, homeopathy research itself is a relatively new field. A gap has therefore developed between what we know from the clinical experiences of patients and practitioners, and what can be 'proved' scientifically.

The evidence to date suggests that homeopathy could provide solutions to many of the challenges facing us today – from overuse of antibiotics to spiralling healthcare budgets – but to know for sure, more hard data is needed. With your help, we can carry out the research needed to determine the precise role homeopathy could and should play in the healthcare systems of the future.

HRI has already [achieved](#) a great deal with relatively scarce resources, but there is so much more to be done. Please get involved, be part of this special night and help us to generate the science that could transform the future of healthcare.
